EDUCATION

Law (Academic Education)

Sadat University

2019-2023

I have studied law in college academically, but practically studying programming.

LANGUAGES

Arabic

English

PROFILE

As a junior .NET developer, I have gained valuable experience working on a range of projects, including developing and testing web applications, building database systems, and collaborating with cross-functional teams to ensure project success. My technical skills include proficiency in C#, .NET framework, and SQL server, as well as experience working with HTML, CSS, JavaScript and Angular. I am passionate about staying up-to-date with the latest technologies and techniques in the field, and I am eager to apply my skills to contribute to the success of a dynamic and innovative organization.

WORK EXPERIENCE

Back-End Developer

ITool Company   2022

I contributed to the successful launch of several projects and collaborated with cross-functional teams to ensure project milestones were met. Through my work, I developed strong skills in troubleshooting and problem-solving, as well as a deep understanding of software development best practices.

FullStack Developer

UpWork - Free Lancing Platform   2021
